# Product name: Heavy Duty (red), Multi Surface (green), Multi-Purpose

# Latest update: Sept 2020

BIG WIPES p. 2 of 7

# SAFETY DATA SHEET

### Product name: Big Wipes Multi-Purpose

This SDS complies with OSHA 29CFR 1910.1200 (Hazcom 2012) and Canadian WHMIS 2015 Regulations.

| 1. PRODUCT AND COMPANY IDENTIFICATION |  |
|---------------------------------------|--|
| Product name                          | Big Wipes  |
|                                       | Sycamore Multipurpose Wipes                        |
| Recommended Use                       | Wipe used to clean paint, adhesive and grease from |
|                                       | hands and hard surfaces.                           |
| Restriction on Use                    | Not to be used for personal hygiene purposes       |
| Supplier                              | Sycamore USA Inc.                                  |
|                                       | 2434 Highway 120, Duluth,                          |
|                                       | GA 30097, USA                                      |
|                                       | Tel: (770) 349 6333, Fax: (770) 628 0088           |
|                                       | Emergency: 972-3-9237333 – Galit                   |
| Date of Preparation                   | Sept, 2020   |

### 2 HAZARD IDENTIFICATION

Note: This product is a consumer product and is labeled in accordance with the US Consumer Product Safety Commission regulations which take precedence over OSHA Hazard Communication labeling. The actual container label will not include the label elements below. The labeling below applies to industrial/professional products.

US Hazcom 2012 / WHMIS 2015 Classification Not classified as hazardous

Labeling: Not Hazardous in accordance with the Globally Harmonized System for the Classification and Labeling of Chemicals (GHS) and Hazcom 2012.

### **3 COMPOSITION/INFORMATION ON INGREDIENTS**

Note: The product is a towelette saturated with liquid components. The following information refers to the liquid portion only.

| Chemical      | CAS Number                        | Amount |
|---------------|-----------------------------------|--------|
| Dibasic Ester | 1119-40-0<br>627-93-0<br>106-65-0 | 1-5%   |

| Water and Non-Hazardous Ingredients | Mixture | Balance |  |
|-------------------------------------|---------|---------|--|
|-------------------------------------|---------|---------|--|

The specific identity and/or exact percentage (concentration) of composition has been withheld as a trade secret.

| 4. FIRST AID MEASURES   |   |
|---|---|
| Skin  | If irritation develops, wash with soap and water and<br>temporarily discontinue use of the material. Seek medical<br>attention if irritation persists. Dermatologically tested.         |
| Eyes  | Flush eyes with plenty of water for several minutes,<br>holding eyelids open to assure thorough rinsing. Get<br>medical attention if irritation persists.                               |
| Inhalation  | None needed under normal use conditions. If irritation develops, move to fresh air. Get medical attention if irritation persists.   |
| Ingestion   | None expected due to product form. If swallowed, rinse<br>mouth with water. Do NOT induce vomiting. Get medical<br>attention. Never give anything by mouth to an unconscious<br>person. |
| Most important<br>symptoms/effects, acute<br>and delayed:                               | May cause eye irritation. Prolonged skin contact may cause skin irritation. Product has been dermatologically tested to be none irritant on skin.                                       |
| Indication of immediate<br>medical attention and<br>special treatment, if<br>necessary: | None expected under normal conditions of use.   |

| 5. FIRE-FIGHTING MEASURES                                       |  |
|---|--|
| Extinguishing media   | Water spray, carbon dioxide, dry chemical or foam.   |
| Unsuitable extinguishing media                                  | None   |
| Specific hazards arising from the chemical:                     | Wipe will burn under fire conditions after the water has evaporated. Combustion will produce oxides of carbon.                           |
| Special protective equipment and precautions for fire-fighters: | Firefighters should always wear self-<br>contained breathing apparatus and full<br>protective clothing for fires involving<br>chemicals. |

| 6. ACCIDENTAL RELEASE MEASURES                                       |   |
|--|---|
| Personal precautions, protective equipment, and emergency procedures | Avoid eye contact and prolonged skin contact. |

# BIGWIPES

| Environmental hazards:                                | Avoid release to the environment.  |
|---|--|
| Methods and materials for containment and cleaning up | No special measures are necessary for the wipes.<br>Pick up and place in a container for disposal. |

| 7. HANDLING & STORAGE   |  |
|---|--|
| Precautions for safe handling:                                | Avoid eye contact.                                       |
| Conditions for safe storage, including any incompatibilities: | Store in original, closed container at room temperature. |

### 8. EXPOSURE CONTROL AND PERSONAL PROTECTION

| Exposure Limits<br>Dibasic Ester  | 10 mg/m3 TWA Manufacturer                       |
|-----------------------------------|---|
| Appropriate engineering controls: | General room ventilation suffic use conditions. |
| Personal protective equipment:    |   |
| Respiratory Protection            | Respiratory equipment not req                   |
|                                   |   |

entilation sufficient under normal pment not required. None required for normal use. Hand Protection None required for normal use. Eye Protection None required for normal use. **Skin Protection** Wash hands with soap and water after use. **Hygiene Measures** 

### 9. PHYSICAL & CHEMICAL PROPERTIES (of the liquid absorbed on the wipes)

| Appearance:               | Cloth towelette impregnated with a clear liquid. |
|---------------------------|--|
| Odor:                     | Characteristic                                   |
| Odor Threshold:           | Not available                                    |
| Boiling Point/Range:      | >212°F / >100°C                                  |
| Melting/Freezing Point:   | Not available                                    |
| pH:                       | 5.5  |
| Solubility:               | Soluble in water                                 |
| Flash Point:              | >212°F / >100°C                                  |
| Flammability Limits:      | LEL: Not applicable<br>UEL: Not applicable       |
| Autoignition Temperature: | Not available                                    |
| Vapor Pressure:           | Same as water                                    |
| Vapor Density:            | Same as water                                    |

| Evaporation Rate:          | Not available  |
|----------------------------|----------------|
| Relative Density:          | 1.0            |
| Decomposition Temperature: | Not available  |
| Partition Coefficient:     | Not applicable |
| (N-Octanol/Water)          |                |
| Flammability: (Solid, Gas) | Not applicable |
| Viscosity:                 | Not available  |
|                            |                |

| 10. STABILITY AND REACTIVITY        |   |  |
|-------------------------------------|---|--|
| Reactivity:                         | Not reactive under normal use.  |  |
| Chemical Stability:                 | Stable under ambient conditions.  |  |
| Possibility of Hazardous Reactions  | None known.   |  |
| Conditions to Avoid                 | None known.   |  |
| Incompatible Materials:             | Strong oxidizing agents.  |  |
| Hazardous Decomposition<br>Products | Thermal decomposition will yield oxides of carbon.  |  |
| 11. TOXICOLOGICAL INFORMATION       |   |  |
| Potential Health Effects            |   |  |
| Skin                                | This product has been tested with human volunteers and found not to cause irritation. May cause irritation on prolonged contact.  |  |
| Eyes                                | May cause irritation.   |  |
| Inhalation                          | Prolonged inhalation of vapor may cause minor respiratory tract irritation.   |  |
| Oral                                | Not expected to be acutely toxic. May cause<br>abdominal discomfort and irritation of mucous<br>membranes. Not a likely route of exposure due to<br>physical nature of the product. |  |
| Carcinogenicity Listing             | None of the components of this product is listed<br>as a carcinogen or suspected carcinogen by<br>IARC, NTP, ACGIH or OSHA.   |  |
| Acute toxicity:                     | Not hazardous. Acute Toxicity Estimate (ATE) for<br>Product: Oral 34 g/kg   |  |

| 12. ENVIRONMENTAL INFORMATION |  |  |
|-------------------------------|--|--|
| Ecotoxicity:                  | This product is toxic to aquatic life with long lasting effects.                   |  |
| Dibasic Ester                 | 96 hr LC50 Pimephales promelas 18-24 mg/L<br>48 hr EC50 daphnia magna 112-150 mg/L |  |

| Preservative  | no added preservatives |  |
|---|------------------------|--|
| Persistence and Degradability Readily biodegradable |                        |  |
| Bioaccumulative Potential                           | No data available      |  |
| Mobility in Soil                                    | No data available.     |  |
| Other Adverse Effects                               | None known             |  |

### 13. WASTE DISPOSAL

The used wipe tissue should be disposed of according to local regulations.

#### **14. TRANSPORT INFORMATION**

|      | UN<br>Number | Proper shipping<br>name | Hazard Class | Packing Group | Environmental<br>Hazard |
|------|--------------|-------------------------|--------------|---------------|-------------------------|
| DOT  |              | Not Regulated           |              |               |                         |
| TDG  |              | Not Regulated           |              |               |                         |
| IMDG |              | Not Regulated           |              |               |                         |
| IATA |              | Not Regulated           |              |               |                         |

### **Transport in bulk (according to Annex II of MARPOL 73/78 and the IBC Code):** Not applicable – product is transported only in packaged form.

Special precautions: None known.

| 15. REGULATORY INFORMATION |   |  |
|----------------------------|---|--|
| US TSCA                    | All of the components of the product are listed on the TSCA inventory or exempt.          |  |
| US SARA Regulations        | 311/312 Hazard Classes – Not hazardous  |  |
|                            | 313 Reporting: None   |  |
| US CERCLA Regulations      | This product is not subject to CERCLA spill reporting requirements.                       |  |
| California Proposition 65  | This product is not known to contain chemicals regulated under California Proposition 65. |  |
| Canadian CEPA              | All of the components of the product are listed on the Canadian DSL or exempt.            |  |
|                            |   |  |
