

BIG WIPES

TECHNICAL DATA SHEET

BIG WIPES POWER SPRAY SUPER ABSORBENT WIPES

DESCRIPTION

A powerful, fast-acting specialist Multi-Purpose solvent. Contains the same grime-busting formula as used in all the Big Wipes Pro+ wipes in a spray format. For cleaning of **hard surfaces and tools**. For professional users.

This remarkable product can clean up both the most difficult to remove products such as epoxy and poly foam along with paint, grease, bitumen & other oil-based products. Containing no fewer than **4x Power Cleaners**; tackle paint, adhesives, anti-seize and sealants quickly and easily, and **4x skin conditioners** help protect, nourish and moisturize the skin.

FEATURES & BENEFITS

- Removes paint, adhesive, Poly foam, Anti-seize, PVC glue, Silicone and more
- Skin-friendly, dermatologically tested
- Convenient and efficient spray version.
- Suitable for surfaces, tools, and hands
- Pre-treat larger areas to save wipes.
- For hard to get to areas
- Recharge Big Wipes Pro+ for longer use.

APPLICATIONS

Big wipes are a perfect portable solution for every industry and professional. Suitable for builders, manufacturing, fleet maintenance, farmers, facility managers, painters & decorators, plumbers, roofers, mechanics, construction, maintenance, oil & gas, municipalities, electricians and much more.

DIRECTIONS FOR USE

Unscrew nozzle. Spray and wipe clean or use a brush on stubborn dirt. Rinse off and allow to dry. Do not use on warm surfaces. For best results, clean spills immediately. Always test on hidden spot before use.
